Mac OS X Wireless Network Connection Instructions

Step 1:
   A. Click on the AirPort Icon.
   B. Click on hopkins.

Step 2:
   A. Enter your JHED ID and Password.
   B. Click OK or Join.

Step 3: You should be prompted to accept our certificate. Click on Show Certificate.

Step 4:
   A. Click on the arrow beside the Trust to expand the option.
   B. For When using this certificate, select Always Trust.
   C. Click Continue.

NOTE 1: You will be prompted for your Mac OS X username and password.

NOTE 2: You may be prompted to repeat this step for a second certificate.

Step 5: Your system should connect to the hopkins wireless network within 3 minutes.

Confirm by verifying the Airport Icon is showing signal strength and a check mark is next to “hopkins” in the AirPort Menu.

Step 6: Please proceed to the registration instructions to complete your access to the internet.

If you are having trouble connecting to hopkins wireless:
Call the Johns Hopkins Help Desk anytime at 410-516-HELP (410-516-4357).
